District Deputy Report

First we wish to thank our Worthy State Deputy Brother Mike Porter for the chance to join each of your councils. We feel it is an HONOR to be a part of all the work you and your members have started in this first month of our year.

Thank you all for welcoming Tom and myself into your councils at your meetings.

We are five councils One District. Together we can do the work of our order.

SCHEDULE OF EVENTS

I have not heard back from the council I spoke with about getting a facility set so we can hold a District Wide Installation of Officers. I feel if we all work together we can spread the work and cost among the councils. I would like to hold the installation on a Saturday evening after a Mass. The installation will follow immediately. As soon as I hear from council 544 one way or another I will let you know. If they are not able to attain the facility I will then contact the other councils that have a hall big enough to hold the ceremony. I want as many members of each council as well as families to be there.

Thank you for helping our district with this function

Congratulations

Congratulations to all the councils in District #9 We had 100% participation at the State Kick -Off meeting.

I have been to several of these meetings in the past and had the honor of being a state program director in many of them.

I do not have to tell any of you that have attended them in the past. But any of you that attended their first one this year.

This was without a doubt the best one yet. It gave us all a picture of how our State Council will lead us in the next two years and I hope long after that.

KNIGHTS OF COLUMBUS INSURANCE

Remember your insurance agents working with us all will keep our order strong and we promise to help you and your council attain the Star Award. I will contact them and make sure they know all the meeting dates and locations so they can make as many meetings as possible. Remember if they are not at all your meetings they might be meetings with a brother and his family making sure they have the best coverage possible.

REMEMBER ALSO THE FIRST TIME INSURANCE PLAN WILL NOT BE AVAILABLE FOR MUCH LONGER. TAKE ADVANTAGE OF IT WHILE YOU CAN. SUPREME IS WORKING ON A NEW PLAN FOR US.
